

G930i: Crosstrainer SK9300i Inclusive

- The SK Inclusive Line equipment has been **designed for making the exercise easier both to users with limited mobility and the most experienced ones**. They provide an easy access as well as the quick adjustment.
- The footrest and pulse elements are **yellow for easy viewing**.
- **Step aids to facilitate access** to the machine.
- **Rear bar** for total security.
- Quick Trail Controls. Quick Trail Controls integrated at moving handlebars with Start, Stop and level selection buttons, which allow a customized training experience without renouncing to a full body workout.
- Minimum distance between pedals, for a correct and natural body position during exercise, minimizing stress at the lumbar area.
- Electromagnetic brake system with generator. Maximum reliability and precision. No need for electric mains, unless you want the monitor to be constantly switched on while not pedalling Touch sensitive monitor. It is easier to clean and more intuitive for a quick start by the user.
- 10" oversized monitor The new Wsk are touch sensitive and include LED and Dot Matrix interface. Thanks to the Touch Sensitive controls, push type buttons are no longer necessary because the flat control keys are touch sensitive.
- Track & Track system (3 level articulated free motion) for a natural movement

G930i: Crosstrainer SK9300i Inclusive
